

Material Safety Data Sheet
ANOSOM®

Manufacturer's Name : AGRI LIFE
Manufacturer's Address : 1 54/A5-1, SVCIE, IDA Bollaram 502 325, INDIA
Tel: +91 279905
Fax: +91 8458 279904
E-mail: agrilife@agrilife.in

1. Product Information

Product Name : ANOSOM®
Product Code : ANOSOM®
Family / Group : Botanical Insecticide
Chemical Formula : Mixture
Other Designations : Liquid formulation containing squamocin(annonin)
in 10000 ppm concentration

2. Composition/Information on Ingredients

Components	Composition (%) W/W
Squamocin (Annonin)	1 %
Debitterized annona oil	30%
n-Butanol (Solvent)	31%
Butyl acetate	23%
Emulsifier (Polyoxyethylene (20) Sorbitan monoleate)	15%

Ingredients not precisely identified are proprietary and/or non-hazardous.

3. Hazards Identification

Emergency Overview

The product is dark brown liquid with a characteristic bitter odour which is intended to be used for plant protection. There is no specific antidote is this product is ingested. Treat symptomatically. immediately seek medical attention

Potential Health Effects:

Routes(s) of Entry	: Eye , Skin , Oral , Inhalation
Human effects and symptoms of exposure	: Causes irritation of eyes , skin or respiratory tract
Acute eye contact	: Causes very severe irritation
Chronic eye contact	: Chronic exposure Is not likely from normal use
Acute skin contact	: May cause irritation
Chronic ingestion	: Chronic exposure Is not likely from normal use
Medical conditions generally aggravated by exposure	: Not known

4. First Aid Measures

If poisoning is suspected, consult a physician immediately/ visit the nearest hospital / nearest Poison control centre. The concerned examiner should be informed the complete product name and details and amount of exposure. Describe the symptoms and follow the advice given.

First Aid for Eyes

Annonin splashes on eyes are dangerous .Immediately flush eyes with water for 20 minutes. Hold the eye lids apart to rinse the entire surface of eyes and lids. No medicating agents should be applied except on the advice of physician.

First Aid for Skin

Wash skin with soap and water, including hair and under finger nails. No medicating agents should be applied except on the advice of physician. Remove contaminated clothing and footwear.

First Aid for Inhalation

Move victim from contaminated area to fresh air. Apply artificial respiration , if necessary

First Aid for Ingestion

If victim is fully conscious, immediately give large quantity of water to drink to enable dilution of ingested product. Seek medical help immediately. An unconscious person should not be given anything by mouth.

5. Fire fighting measures

Flash Point: > 145 degree Celsius

Flammability Limits: Not applicable

Autoignition temp: Not applicable

Fire Extinguishing Media: Water spray, carbon dioxide, dry chemical, foam

Special Fire-Fighting Information: Wear full protective clothing and self contained breathing apparatus. Evacuate non essential personnel from the area to prevent human exposure to fire, smoke, fumes or products of combustion. Use of contaminated buildings, area and equipment has to be avoided until decontaminated.

Unusual Fire and Explosion Hazards: Not Flammable

6. Accidental Release Measures

Safety gear : It is **mandatory** to wear chemical safety glasses with side shields or chemical proof goggles, rubber gloves, rubber boots, long sleeved shirt, long pants, head cap, NIOSH approved dust or pesticide respirator with a dust filter.

Spills: Sweep the area keeping the dust to a minimum and place an approved chemical container. Wash the spill area with water containing a strong detergent, absorb with absorbent material. Seal the container and handle in an approved manner.

7.. Handling and Storage

Storage Temperature : Room temperature (Not more than 40 degree Celsius)

Storage requirements : Store the material in a well ventilated, clean, cool and dry place out of reach of children and domestic animals. Keep away from direct sunlight.

Shelf Life : Use before expiry date printed on label

Special sensitivity : None

Handling precautions : Always wear safety eye glasses while handling this product. Follow normal hygienic and house keeping standards for agricultural products.

8. Exposure Controls/ Personal Protection

- Oral Protection Requirements : Avoid eating, drinking, tobacco usage and cosmetic application in areas where there is a potential for exposure to the material. Always wash thoroughly after handling the product.
- Eye protection equipments : It is **mandatory** to wear safety goggles.
- Skin protection requirements : To avoid skin contact, wear rubber gloves, rubber boots, long-sleeved shirt, long pants, head cap.
- Respiratory / Ventilation requirements : To avoid breathing dust, use adequate ventilation and wear a NIOSH-approved dust or pesticide respirator with a dust filter.

9. Physical and Chemical Properties

- Physical State : Liquid
- Colour : Dark brown liquid
- Specific Gravity : Specified in Certificate of analysis
- Bulk density : Not applicable
- Odour : Characteristic bitter odour
- Miscibility : Largely miscible in water
- pH : Specified in Certificate of analysis
- Stability : Stable at normal storage conditions
- Corrosion : Nil
- Flash point : > 145 degree Celsius
- % Volatile volume : Not determined
- Vapour pressure : Not determined
- Vapour density : Not determined
- Melting Point : Not determined
- Boiling Point : Not determined
- Freezing Point : Not determined
- Evaporation Rate : Not determined

10. Stability and Reactivity

- **Stability:** Product is stable.
- **Hazardous Polymerization:** Will not occur.

- **Hazardous Decomposition Products:** Not Known
- **Decomposition :** Easily bio-degradable
- **Incompatibility:** Acids, alkalies, other toxic materials may inactivate biological ingredient..
- **Conditions to Avoid:** Heat, flames, ignition sources and incompatibles.

11. Toxicological Information

Toxicological data is not available

12. Ecological Information

- Totally bio-degradable in nature
- Do not apply on water bodies as it maybe toxic to aquatic life.
- The product contains non –pathogenic, non-hazardous and non-toxic, naturally occurring constituents.

13.. Disposal Considerations

Do not reuse product packing materials and residues. Dispose the product packing materials and residues according to local state and federal health and environmental regulations.

Destroy used containers and bury them 18 inches below the soil in non-crop land away from habitation and underground water course.

Dispose empty containers surplus material and washings from spray equipments in a safe manner so as to prevent environmental or water pollution, or contamination of food and animal feed.

Never use the empty containers for storing food or water

14. Transportation Information

- **Transportation Data** : The product is not regarded as hazardous material for all modes of transportation
- **Hazard Class** : Not applicable
- **ID NO** : Not applicable

15. Regulatory Information

TSCA: All components of this product are listed on TSCA inventory, with no special reporting regulations

CERCLA Reportable Quantity: Not applicable

SARA TITLE III Section 313 : Contains no reported components

OSHA Hazard Classification: Non Hazardous

WHMIS/ Controlled products regulation: This product has been classified in accordance with the hazard criteria of the CPR and the MSDS contains all of the information required by the CPR.

Clean Air Act: This formula does not contain any hazardous air pollutants

Clean Water Act: None of the chemicals in this product are listed as hazardous, toxic or priority pollutants.

State Right-to-Know Lists: No ingredients listed on any state right-to-know lists

Exposure Limits: Ingredients listed as "no significant risk level" in California.

16. Other Information

Agri Life provides the information contained herein in good faith, in compliance with the Occupational Safety and Health Act of 1970. To the best of our knowledge, the information contained herein is accurate. However Agri Life does not assume any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All material may present unknown health hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards, which exist.

This product is for agricultural use only.
